

Go-Lang RESTful API

This screenshot shows the top portion of the CodePolitan course page. The browser address bar displays the URL `apps.codepolitan.com/courses/detail/golang-restful-api`. The course title is **Go-Lang RESTful API**, with a subtitle *Panduan langkah demi langkah untuk belajar Go-lang RESTful API*. It indicates that 50 people have joined the course. Two buttons are visible: **WATCH PREVIEW** and **CLAIM CERTIFICATE**. Below these, the course duration is listed as 2 hours, the difficulty level as beginner, and a link to download source code. A 5-star rating with 12 reviews is shown. The **TABLE OF CONTENTS** section is partially visible, showing the first item: **Go-Lang RESTful API**.

This screenshot shows the full **TABLE OF CONTENTS** for the **Go-Lang RESTful API** course. The table lists 15 modules, each with a green checkmark icon and a duration. To the right of the table, a section titled **THIS COURSE INCLUDES:** lists the benefits of the course.
